

# CARBON REDUCTION CERTIFICATE

**Date:**  
**17th July 2013**

The Carbon Reduction Institute would like to acknowledge the achievements of **Razer Graphix** in taking action against climate change. **Razer Graphix** have obtained an external calculation of its carbon footprint and purchased **44 tonnes of CO<sub>2</sub>e** carbon credits from CRI's Indian Biomass Project approved under the Voluntary Carbon Standard (VCS) to offset its **2012/2013** operational emissions.

Specifically, this covers **Razer Graphix's** scope 1 and 2 emissions as well as emissions from the following sources:

- All work related travel
- Paper
- Water
- Municipal Solid Waste
- Associated with the losses of electricity as a result of its transmission and distribution
- Associated with the processing of gasoline and
- Emissions apportioned from base building energy consumption

These credits will be retired on **Razer Graphix's** behalf in CRI's registry account in the TZ1 registry.

The Carbon Reduction Institute would like to congratulate **Razer Graphix** for taking this important step for our climate.

**Faithfully Yours,**

**Rob Cawthorne**  
**Managing Director**
